Portrait Photography Prices

As a portrait photographer I am able to offer a variety of services which are individually tailored to give the choice of photography that suits you. I can offer both contemporary lifestyle photography and studio style photography.

Your Portrait Session:

I will come to your chosen venue and set up for the session, staying as long as required to complete the photo shoot. (Normally around an hour and a half is sufficient but if we stop for a coffee break and a change of outfits it may be a little longer.)

If you require me to take photographs throughout a party or special celebration in addition to your portrait session there is an additional cost.

Services and print prices:

Standard Portrait Session - £49

Extended Portrait Session including coverage of your celebration - £99

Un-mounted Prints and Canvas Prints on a frame:

Your photographs will be printed onto crystal archive professional quality paper, with either a gloss or lustre finish; or onto canvas, stretched and mounted onto a frame using the latest professional printing equipment.
